"Disasterpiece!", a collaborative effort between Italy, Cyprus, and Spain, held its first meeting on January 14th and 15th in Reus, marking the start of an initiative designed to equip young people with strategies to manage failure across academic, professional, and personal domains.

Recognizing the significant mental burden caused by societal expectations, social media pressures, and the prevailing culture of success and immediacy, "Disasterpiece!" aims to transform the experience of failure into a valuable opportunity for growth and learning, fostering resilience and mental well-being

Share your story and help us break the stigma around failure! ✨  
We believe in turning setbacks into opportunities.  
Email us your experiences at [disasterpieceproject@gmail.com](mailto:disasterpieceproject@gmail.com) and join the movement!
